NOTHIN' BUT FUN AT
SLIPPERY GULCHLID IS OFF IN
SLIPPERY GULCH

Elk's Big Fun Show Opens Tonight
Public Will Play the "Ponies,"
Roulette, Craps, Chuck-luck,
Faro and Otther
Gambles.

The lid is off at Slippery Gulch, the Elk's highly moral townsite in the Carnival grounds. It was first voted that the roof would be the limit, but since the Natural Bank of Slippery Gulch has raised its capital to \$50,000, the managers announce only the poetic and wide blue sky as the limit. No bets under a hundred bucks can be laid.

It will be the survival of the fittest for all who visit Slippery Gulch. Police protection will be extended only to the "house." Luck guys breaking the bank and attempting to leave with the swag had better keep in touch with the coroner and undertaker.

These simple rules of rugged directness, are all that visitors are asked to observe:

Guns must be left outside. The management insists that all victims take their medicine without a peep.

Banana peels must not be strewn about the grounds. Remember the chap who stepped on the banana peel on a summery day? Well, he hasn't banana where since, so be careful.

Three quarts of whiskey is the limit to be drunk at the bar. Slippery Gulch is no aquarium.

This big fun show begins tonight and runs all week. Come out and look the village over—and then come back again, 'cause you'll want to.

The Elks meet in their club rooms at seven o'clock, and parade to Slippery Gulch, where the big attraction will be officially opened. Meet the crowds at Slippery Gulch.

QUICK ADVANCES
IN WHEAT PRICES

Action of Canada in Taking Charge of
Large Amount of Wheat Dis-
turbed the Market.

[By Associated Press.]
Chicago, Nov. 29.—Quick advances in future wheat prices today followed the action of Canada in commandeering yesterday twenty million bushels in Canadian ports, but led to reactions and the market assumed an active and nervous trend.

MISS LUCILLE MULHALL.

Champion Lady Roper of the World.

She is here and will exhibit in the art of fancy riding and roping each evening this week at the tent east of White's garage on the carnival ground. Miss Mulhall, in company with her sister, Miss Georgia Mulhall and uncle, J. F. Mulhall, who resides here and is known to every Bryan citizen, visited the Eagle today for a short while.

Miss Mulhall is the world's champion roper and horseback rider. She is acknowledged to be the only woman in the world who has ever yet been able to rope, throw and tie a wild steer.

These young ladies were raised on a ranch in Oklahoma and are the daughters of Col. Zack Mulhall, a famous frontiersman and ranchman.

They expressed pleasure in visiting Bryan and were delighted in finding a hustling city here, unusual to the ordinary country town.

Miss Mulhall is very pleasing in conversation and has all those tiny womanly traits regardless of her great accomplishments in the wild west arena.

m. is the time and the meeting will be held in the auditorium at Carnegie Hall.

WOMAN'S CLUB OPEN MEETING.

Political Science Will Be Subject for
Wednesday's Meeting.

Wednesday of this week has been designated as political science day by the Bryan Woman's Club, and the members of that organization have prepared a splendid program for the afternoon. A distinguished guest of the occasion will be Mrs. M. Hetty Curry of Brenham, vice-president of the Texas Federation of Women's Clubs, who will speak on the subject, "Why Women Need a Wider Knowledge of Law."

The subject of the club women's roll call is, "What the Wilson Administration Has Accomplished," and Mrs. Hoyle, the leader of the program, has formulated a splendid and instructive line of information to be brought out in this line of thought.

The Eagle is authorized to extend to the general public a cordial invitation to be present on this occasion. The women of the Bryan Woman's Club are doing a wonderful work this year, not only in their club study course, but also in giving prominence to the live topics and issues of the day, and these splendid "open day" programs deserve the enthusiastic appreciation with which they are received in our city.

SEED CORN TESTING.

The Frank Clarke Car Here Today.
But Few Farmers Came.

Frank Clarke, in charge of the corn testing car sent out by the Frank Clarke Seed Company of Ft. Worth, which spent today in the city, reported to the Eagle that quite a large number of farmers of the county brought samples of their corn in to be tested, but there was not as much interest manifested in the matter as he hoped there would be. Quite a number of the Brazos bottom planters who are residents of Bryan had their corn tested and were well pleased with the result. The farmers from other sections of the county, however, showed a very evident lack of interest. Mr. Clarke is assisted in the work of testing by his son, Frank Clarke, Jr. They will leave with the car tonight for Navasota, Brenham, Bellville and Caldwell before starting on their return to Ft. Worth.
